*Your dreams become a reality*

Kevin Prachyl, owner of Erwin & Associates Inc., is changing the name of his company to his own

**PRACHYL & ASSOCIATES INC.**

That's right, Erwin & Associates are changing their name. Not the quality. As owner of the company I feel it is very important for the customer to know who they are dealing with. I have been in the industry since 1980 and I still love my job. Our company prides itself on the many awards that we have received. As well as our many satisfied customers.

We take each client and treat them as if they were our only job that we have at the time. Our qualified staff of estimators work very hard for each and every client. We try to make sure and not leave out anything that might arise in the future. That way there are little if any changes necessary.

Prachyl & Associates Inc. is a full service construction company. We are not only remodeling specialists but are also experienced in commercial renovations. In the summer of 2008, we will have our on-site custom cabinet facility. With this, we will be able to give our clients exactly what they want in their new kitchen or bath. Custom cabinets will eliminate unused space and those unsightly filler panels.

So if you are planning to remodel, add on, or just want a new deck, please call us. We would appreciate an opportunity to help make your dreams become a reality.
